

After running experiments, powering the BS170 with 7805 or 7806 (instead of 7809/12) seems like a sensible idea. Sometimes less (power) is more.

Robust Class-D Single-ended "5W+" IRF510 powered HF PA
 Uses ideas and support from G0UPL (QRP Labs), VU3SXT, VU2ASH, VU2SPF, AC7LX, PY2OHH
 Motivation: We need usable power on the 15m band!
